

## CHRIS LANGHORNE

### **In the Workplace**

Chris currently serves as the Senior Director of Global Strategic Planning for Nestle Purina. His favorite things about this role are the product category and the people.

### **At Home**

When not serving on the Board, Chris spends time chasing around his three children and dog, Yoshi. He also enjoys golfing.

### **With CHMO**

Chris decided to serve on the Covenant House Missouri Board of Directors because the mission aligns exceptionally well with his personal values and beliefs. Chris serves on the Governance Committee, stating that it is an excellent way to understand the Board's inner workings in terms of how the Board recruits, develops, and retains members. He envisions the opportunities of growth for CHMO, and enjoys seeing how the work favorably impacts the community.
