

### RYAN LITTEKEN BOARD TREASURER FINANCE COMMITTEE CHAIR

#### **In the Workplace**

Ryan Litteken works at Centene as their Plan CFO for Meridian IL Health Plan. He has previously served as the Plan CFO for Home State MO Health Plan, so he is familiar with both Missouri and Illinois! One of his favorite aspects of his role is "finding innovative ways to improve member health outcomes at lower costs."

#### **At Home**

Ryan is one of 3 siblings, that have all worked for Deloitte in Public Accounting. In his words, "I guess you could say the entire family is accounting nerds!" His hobbies "involve most of [his] kids hobbies at this point", which include soccer, basketball, volleyball, and baseball/T-ball.

#### **With CHMO**

A previous boss of Ryan's introduced him to CHMO's Former CEO, Jessica Erfling, and it was her "vision, strategy, and passion for helping homeless youth in the area" that inspired Ryan to help in any way that he could. He joined the Board's Finance Committee so that he could provide the expertise he's gained from his career. Although he only been with our Board for a short time, he is already really enjoying "making a difference in the community" by providing necessary resources to those in need.
